

WELCOME TO FREEDOM CRESCENT

Located at the upper end of Trenton's east hill, Freedom Crescent is Klemencic Homes' most current offering of premium-quality new homes in Trenton. Freedom Crescent is immediately adjacent to Ridgeview Lane, a very popular development of single family homes recently developed by Klemencic Homes. The area is at the current limit of the Trenton service area, and as such has a rural 'feel'.

Freedom Crescent will be home to 60 of Klemencic Homes' well-designed and well-built homes. There are 10 bungalow designs in the 1100 to 1663 square foot range, all with attached double/2-car garages. Since it is a crescent and not a through street, Freedom Crescent will forever remain a neighbourhood street and not be burdened with any other traffic. All lots are a minimum of 15 m. (50 feet) in width and have depths from 32 m. (105 feet) up to 65 m. (213 feet). There are several pie-shaped lots with extremely large rear yards.

Freedom Crescent is located in the north-east section of Trenton, just 1 km from the Glen Miller road exit of Highway 401, providing immediate access to commuters. Trenton's Industrial Park is just 1 km east along Hamilton Road. Personnel of 8 Wing Trenton will appreciate the short travel distance to the base, allowing for a quick drive, bike ride or jog to and from work.

For families with elementary school-aged children, VP Carswell public school is less than a 1 km walk. Public high school, as well as Catholic elementary and high school students are bussed to Trenton High, St. Mary's, and St. Paul's schools respectively. Public French immersion students are bussed to Bayside Public School and/or Bayside Secondary School. The several schools at 8 Wing Trenton are also be easily accessed.

***A convenient location, a quiet new neighbourhood,
a well-designed new home, all at exceptional value,
results in an excellent opportunity for you and your family to maximize
the enjoyment of your home!***
